UNIVERSITY OF PITTSBURGH POST-GRADUATION STATUS REPORT

PITTSBURGH CAMPUS

SURVEY CLASS OF 2020

SUMMER 2019 > FALL 2019 > SPRING 2020

Table of Contents

Summary and Highlights of Career Outcomes Data

The Career Center assists University of Pittsburgh students and graduates in securing quality internships and employment. The Career Center conducts extensive research on each graduating class, and annually provides the University with comprehensive and uniform data on the post-graduation plans of its recent graduates.

Along with many other colleges and universities, the Career Center at the University of Pittsburgh has recently aligned our survey collection standards with those of the National Association of Colleges & Employers (NACE). The Career Center distributes the Post-Graduation Status Survey through the First Destination Survey module in Handshake, a comprehensive career services platform. Data were analyzed using Microsoft Excel and Tableau (data visualization software). The use of these applications included pivot tables and queries to retrieve the desired analysis. The surveyed participants include graduates of Summer and Fall 2019 and Spring 2020.

Number of Degrees Granted	4,837
Number of Distinct Graduates	4,574
Number of Distinct Survey Responses	3,250
Total Knowledge Rate	71%
Career Outcomes Within 6 Months of Graduation	94%
Working	63%
Continuing Education	29%
Other Endeavors*	2%

*Other endeavors include military service and volunteer service.

Please Note: graduates who reported a post-graduation outcome of not seeking were not included in the Career Outcomes Rate calculation in accordance with NACE standards.

Total Knowledge Rate

The total number of distinct graduates (4,574) was taken from the University's PeopleSoft database, which reports bachelor's degrees granted to students. Students who graduated in the Spring of 2020, as well as those who graduated in the Summer or Fall of 2019 are included in this number and are considered the Survey Class of 2020. The total number of distinct graduates who completed the post-graduation survey or for whom information was submitted was 3,250 representing a total knowledge rate of 71%. The chart below displays knowledge rate by college or school.

College/School	Number of Graduates*	Number of Responses	Knowledge Rate	Percent of Total Responses
College of Business Administration	603	501	83%	17%
College of General Studies	356	221	62%	7%
Dietrich School of Arts and Science	1,879	1,221	65%	40%
School of Education	123	110	88%	4%
School of Computing and Information	151	124	82%	4%
School of Health and Rehabilitation Sciences	242	192	79%	6%
School of Nursing	228	166	73%	5%
School of Social Work	50	33	66%	1%
Swanson School of Engineering	666	466	70%	15%

*Graduates with a dual-degree or multiple majors in different colleges or schools are counted once in each college or school.

Please Note: Percentages may not sum to 100% due to rounding.

Career Outcomes Rate

The Career Center bases its Career Outcomes Rate on the total number of recent graduates who provided information on their status. The Career Center considers those working (64%, 2,031 of 3,187), continuing their education (29%, 909 of 3,187), volunteering in a service program (1%, 24 of 3,187), serving in the military (1%, 34 of 3,187), and starting their own business (0%, 0 of 3,187) as successfully placed after graduation. The total percentage of graduates with successful Career Outcomes was 94% (2,998 of 3,187) for the Survey Class of 2020. The following data is a breakdown of Career Outcomes Rate by college or school.
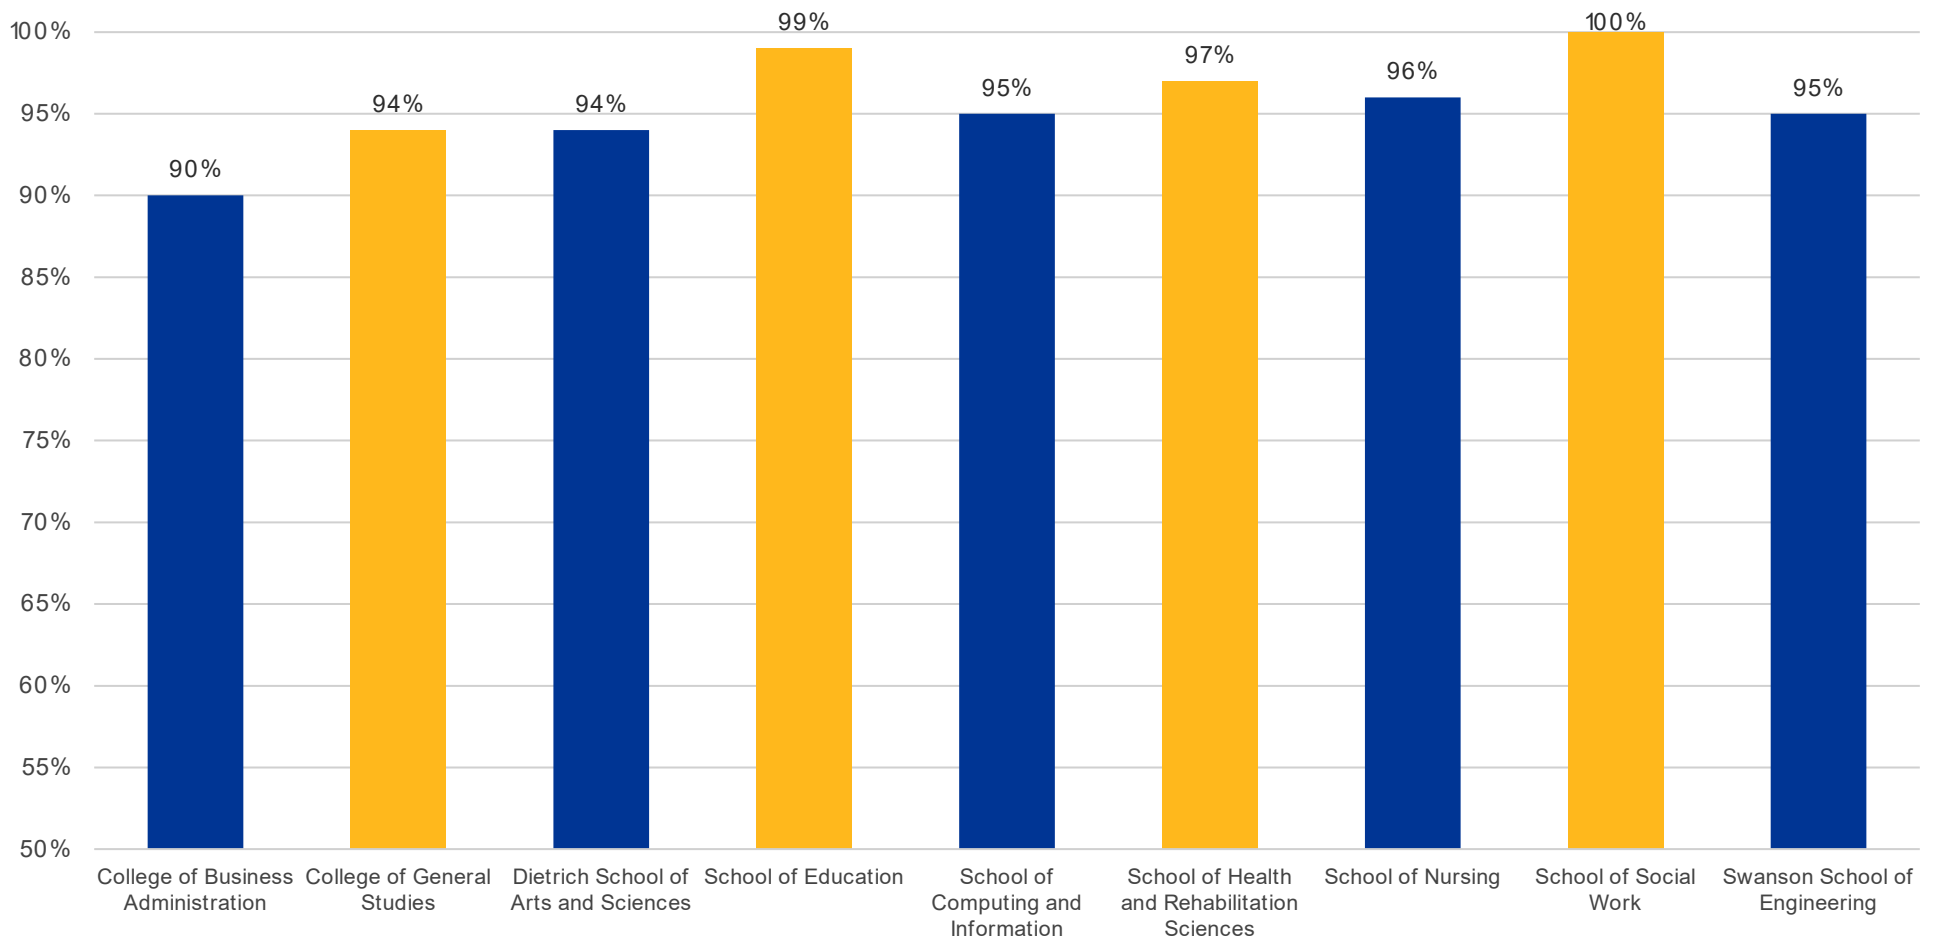

Bar chart of Career Outcomes Rate by college or school:

College or School	Rate
College of Business Administration	90%
College of General Studies	94%
Dietrich School of Arts and Sciences	94%
School of Education	99%
School of Computing and Information	95%
School of Health and Rehabilitation Sciences	97%
School of Nursing	96%
School of Social Work	100%
Swanson School of Engineering	95%

Post-Graduation Status (Continued)

Employment

Of the recent graduates responding to the survey, 64% (2,011 of 3,151) answered that they are employed full-time. Three percent (98 of 3,151) indicated that they are employed part-time. The following table indicates the employment category for students working both full-time and part-time. One hundred percent (2,109 of 2,109) of all employed graduates reported the name of their employer. Salary information was reported by 40% (840 of 2,109) of those graduates working.

Employment Category	Number of Graduates*	Percentage of Graduates
Organization	1,830	96%
Temporary/Contract Work Assignment	45	2%
Freelancer	26	1%
Fellowship	11	1%
Entrepreneur	5	<!%

Continuing Education

Approximately 25% (909 of 3,151) of those graduates responding to the survey indicated that they are continuing their education. Of those recent graduates that provided data on the type of degree they are pursuing, 92% (731 of 791) responded that they are enrolled in a graduate program. The remaining graduates (8%, 60 of 791) are earning a certificate, advanced certificate, associates, bachelors, non-degree seeking, and postdoctoral studies. Page 11 lists the Most-Frequently Named Colleges and Universities Enrolling Graduates.

Military, Volunteer Service, or Other Plans

One percent (28 of 3,151) of University of Pittsburgh graduates reported that they are actively serving in the military. In addition, 1% (22 of 3,151) of graduates are committed to a volunteer program.

Still Seeking

Of the recent graduates responding to the survey, 6% (200 of 3,151) indicated that they are not employed but are seeking employment.

Summary

The total percentage of graduates with successful Career Outcomes is 94%, consistent with the previous 8 years. Given the impact of COVID-19 and subsequent impacts on the job market, we are very pleased to report a Career Outcomes Rate the same as prior years and feel proud of our graduates' success. The total knowledge rate is 71%, consistent with the previous year's knowledge rate. The percentage of recent graduates still seeking employment six months after graduation is 6% for this year, consistent with the previous year's data collection.

Geographic Locations

The following geographic locations incorporate information for graduates who are employed, continuing their education, in the military, or volunteering. 2,764 graduates indicated their geographic location by city and state.

Pennsylvania Statistics

69% (1,903 out of 2,764) of graduates reported their geographic location as Pennsylvania.
58% (1,590 out of 2,764) of graduates reported their geographic location as Western Pennsylvania.
54% (1,486 out of 2,764) of graduates reported their geographic location as the Pittsburgh metropolitan area.

Of the recent graduates who provided the name of their employer, 10% (196 of 2,031) indicated that they are employed with UPMC, while 5% (97 of 2,031) reported that they are employed at the University of Pittsburgh.

UPMC, University of Pittsburgh, PNC Financial Services, BNY Mellon, and Deloitte Consulting have all been on the Most-Frequently Named Organizations Employing Graduates list for the last twelve consecutive years (2009-2020).

Totals include Class of 2020 post-graduation survey participants who are employed, continuing their education, in the military, or volunteering.

Median Reported Salary by School

Median Reported Salary by School is calculated using data provided by those who are full-time employed.

School	Median Salary
School of Information Science	$51,000
School of Health and Rehabilitation Sciences	$36,400
College of General Studies	$40,000
School of Social Work	$40,000
School of Education	$40,900
Dietrich School Arts and Sciences	$42,000
UC for International Studies	$48,500
College of Business Administration	$55,000
School of Nursing	$58,000

Please Note: Graduates may appear under multiple schools or colleges.

Outcome Breakdown by Ethnicity

	Knowledge Rate	Career Outcomes Rate	Working	Continuing Education	Still Looking
Asian or Asian-American	64%	88%	52%	36%	9%
Black or African-American	67%	95%	62%	30%	4%
Hispanic	71%	96%	58%	34%	2%
