Staff Responsibilities & Communication

The Office of Fraternity and Sorority Life is comprised of four full-time staff members who provide guidance and support for the fraternity and sorority chapters and councils at the University of Pittsburgh. If you have a question or concern, please direct your questions to the appropriate staff member. One of the Program Coordinator Positions is vacant—this will be updated when that role is filled. Please see this link for a consistently updated list of staff responsibilities and chapter coaching assignments.

Chapter Coaching

Chapter presidents are expected to meet with their chapter coach bi-weekly or once a month. This is the chapter president’s opportunity to ask questions, troubleshoot issues, and brainstorm ideas. Your chapter coach will likely have some questions and discussion items at the meeting as well.

Other chapter officers, members, and advisors are welcome to attend regular meetings or schedule their own. Please respond in a timely manner to requests from chapter coach for items like rosters, new member education plans, or finding a time to meet. In the event of any concerning incidents with the chapter, chapter presidents should contact their chapter coach immediately to make them aware of the situation so they can provide University resources and assistance. Please call, email, or GroupMe at your convenience. We often say we would much rather get a call from the chapter than from other emergency services. If officers or chapter members have any questions, your chapter coach will always be willing to help. Good communication is key to making this relationship beneficial to you and your chapter. Please see this link for a consistently updated list of staff responsibilities and chapter coaching assignments.
Important Documents to Read

Chapter leaders should have working knowledge of the following document—meaning someone understands what it contains and how to access it quickly.

- Cathedral Standards of Excellence
- Council’s constitution and by-laws
- Chapter’s constitution, by-laws, any other policies and procedures from (inter)national headquarters
- Fraternity and Sorority Life Calendar
- Greek Week Handbook

Presidents Conference & Family Dinner

Presidents Conference (PCon) is an annual gathering of chapter presidents and council officers to build community and to learn important information from the Office of Fraternity and Sorority Life. It is typically held in August near the beginning of the semester. OFSL will share resources and updates to prepare for the academic year. Campus partners and guest speakers are usually at the conference.

Family Dinner is typically held on the first Tuesday of each month at 7:00 PM (with some exceptions, please check FSL Calendar) and is a time for OFSL and council officers to share important updates and facilitate discussion between chapter presidents and officers. Attendance is expected—if there is a scheduling conflict, please notify your chapter coach know and send another chapter officer to represent the chapter.

Consultant/Regional/National Visit

Many chapters receive support from their national organization in the form of a consultant or regional/national officer visit. Please have your chapter take advantage of this visit and make the most of everyone’s time. These visits are to improve chapter operations and address concerns. If the consultant or regional/national officer would like to meet with a staff member of the OFSL, please schedule a meeting with your chapter coach directly via their Calendly or send an email. Consultants, regional/national officer, or chapter advisor are not permitted to have unrestricted access (swipe access) to Amos Hall, Bruce Hall, or the Fraternity Complex. Residents of Amos Hall and Bruce Hall will have to sign in/sign out a consultant, regional/national officer, or chapter advisors from the building. The University is unable to provide housing for consultants, regional/national officers, or chapter advisors. If a consultants, regional/national officer, or chapter advisor will be presenting or leading a workshop on-campus and in-person, please have your chapter complete a contract waiver 21 days before their event.

Chapter Mail

All chapters and councils can receive mail and packages to the Office of Fraternity and Sorority Life. Each chapter has a mailbox, and they are encouraged to check their mailbox once a month. Mailboxes can be checked during business hours 8:30am-5:00pm in WPU 649. The address is as follows:

Chapter Name
William Pitt Union 617
3959 Fifth Ave.
Pittsburgh, PA 15217
When your chapter re-registers with SORC, use the address above, because all the contact information on your chapter’s page is public.

**Tracking Community Service Hours and Philanthropy Funds**

One great universal trait for all fraternities and sororities is the passion and drive for philanthropy and community service. Many chapters support their own philanthropy or charitable organization.

Service = Lending Time and Talents
Philanthropy = Donating Money or Items

The expectation is that each member completes 3 hours of community service per semester. At the end of each semester, the Office of Fraternity and Sorority Life will publicly report on how many service hours and philanthropy dollars each chapter completed in the [Community Report](#). At the end of each semester the Office of Fraternity and Sorority Life will collect service hours and amount of money raised for a philanthropy or number of items collected using the community service forms that will be sent to chapters to fill out.

Service hours can be calculated as such:

Alpha Beta Gamma Fraternity has 11 members volunteer for two hours to clean up the streets.
2 Hours X 11 Members = 22 Hours of Service

Service hours can be completed as a chapter or individually. Chapter members can earn service hours during the set-up or planning of philanthropy events. Please make sure you are tracking members who are completing community service hours so we can have an accurate count per chapter of service hours completed.

Chapters should utilize resources when looking to complete community service hours such as PittServes. Our office does have policies for philanthropy events. **No alcohol or other substances are to be present at philanthropic events.** A philanthropic/community service event is defined as a non-alcoholic event held for the charitable purpose of raising funds or awareness for an organization or cause. Alcohol found to be present at the site of the philanthropic/community service event will be the responsibility of the event's host(s) as well as the chapter that brought the alcohol, both of whom will be subject to disciplinary proceedings.

**Roster Management and Chapter Grades**

Keeping up to date rosters for your chapter is very crucial for chapter management and operations. You will receive a link to our record of your chapter’s roster, and we ask that you keep it updated throughout the year. Reach out to your chapter coach if you misplace the link. Our office will connect with chapter presidents and secretaries regarding chapter roster at the beginning and the end of the semester for various administrative tasks. Tasks include calculating totals, grades, etc. Our staff will complete grades at the end of the semester and share that report with chapter advisors and professional academic mentors. We will also include chapter averages and other information in the end of the year community report. Grades also are a part of the awards we give to chapters. Please make sure you are in communication with your chapter coach if members
disaffiliate, transfer, etc. Information the roster asks for is:
• Name
• PeopleSoft Number
• Email
• Cellphone number

For your rosters, please make sure **names appear on the sheet one time, and that your roster is in alphabetical order based on last names.** You will receive a link from OFSL to our record of your roster that you should keep updated throughout the year as there are changes. It is important for our records that you make sure members are recorded in the appropriate category. The categories are **Initiated Members, Graduating this semester, Co-Op/Study Abroad, and New Member** (new members or aspirants who joined in the current semester whether or not they have been initiated). It is important that members are in the correct category for calculating grade reports. You do not need to list members twice (e.g.: if a member is graduating this semester, we know they are also an initiated member, so you don’t need to put them in both categories). See below a sample of what the roster template looks like. Note that any temporary “inactive” “senior status” etc. that your chapter may have is not relevant to OFSL records.

Individual grade reports are prepared to help chapters identify those members in need of academic assistance and to acknowledge those members doing well academically. Individual grade reports will be hand delivered, mailed, or shared in a secure virtual platform to chapter advisors, PAMs, or national organization personnel, who will then disseminate the relevant information to the appropriate undergraduate officer within the chapter.

### Registering Events for CSOE Credit & Social Events with Alcohol

Events that are off-campus, with non-members, fulfill a CSOE requirement, or have alcohol present need to be registered by chapters on ExperiencePitt platform that can be found [HERE](#). Through ExperiencePitt, our staff can keep up with your events, as they may fulfill requirements for Cathedral Standards of Excellence. Through ExperiencePitt, you will fill out various information regarding your event. Information needed for event registrations may include:

- Name of Event
- Type of program
- Theme
- Description of the Event
- Date, Location, and Time
- Co-host (if applicable)
- Fulfilling a Cathedral Standards of Excellence category (if applicable)
- Guest List of the Event
• Event Monitors
• Supporting Documents (PowerPoint Slides, Flyers, Meeting Agenda)

If the event is with alcohol other information needed for event registration:
  • Event Monitors for event
  • Food Provided to Attendees
  • Guest List
  • Type of Social Event

ExperiencePitt event registration needs to be completed before the event takes place, and fraternity and sorority life events with alcohol event registration should be done the Tuesday before the event. Guest lists for social events with alcohol are due the Thursday before the event and the Monday after the event with signatures from attendees. Chapters must attend Alcohol Management Training in order to host events with alcohol. OFSL will schedule those trainings at the beginning of the year.
Chapter Housing Roster Submission and Application Process

The University of Pittsburgh offers limited housing options for chapters in the Fraternity Complex, Amos Hall, and Bruce Hall 3rd floor. Opportunities for chapter housing should be considered a privilege and treated as such. How a fraternity or sorority maintains their chapter facility represents how members value or do not value their chapter experience. Chapters with facilities need to elect/appoint a house/property manager to oversee the recruitment of new residents and the safety and security of their members in those spaces. House/property managers should be elected in the spring and prepared to serve during the following academic year. All members should review the Policy Statement on On-Campus Housing in the Fraternity and Sorority Life Policies and Procedures Manual.

2023-2024 chapter housing rosters will be due to Alexis Davis, and the due date will be announced to chapters. In December, Alexis Davis will provide presidents and house/property managers with the appropriate housing rosters to complete. Housing applications should be completed, and housing deposits should be paid by residents by the due date. Housing application and housing deposits can be accessed through my.pitt.edu. Students who live in fraternity and sorority life housing must have a meal plan. Minor changes to housing rosters can be made after the February deadline, if needed.

Items for the Fraternity Complex

- At the beginning of the year, chapters are encouraged to have a house meeting to review house rules, assign responsibilities, and develop community.
- All residents in the house are required to complete fire safety training that will be administered by Environmental Health and Safety.
- Health and Safety inspections will be completed once a semester by Environmental Health and Safety, OFSL, and Facilities.

Items for Amos Hall/Bruce Hall 3rd Floor

- At the beginning of the year, chapters are encouraged to have a house meeting to review house rules, assign responsibilities, and develop community.
- All residents will attend a floor meeting with the resident director and resident assistants.

If chapters do not currently have housing, the Office of Fraternity and Sorority Life can explore developing a living learning community at the University of Pittsburgh. Members would need to commit to living on-campus for the 2023-2024 academic year.

Making a Report
Pitt is committed to maintaining an environment free from unlawful harassment and discrimination, and your reports of bias incidents enable the University to assess the campus climate and promptly respond to incidents. Bias incidents are actions committed against a person or group that are motivated, in whole or in part, by bias against the person's or group's protected-class status, whether actual or perceived—as outlined in our Policies, Procedures and Practices.

Defining a Bias Incident
Bias incidents are actions committed against a person or group that are motivated in whole or in part, by bias against the person's or group's sex, gender identity, sexual orientation, national origin, race, religion, or disability or other protected class.

Examples of bias incidents include, but are not limited to:
- Harassment and/or discrimination
- Hate crimes
- Accessibility barriers, including digital/technology barriers
- Sexual misconduct (sexual harassment, stalking, relationship/sexual violence)
- Retaliation

Bias incidents may or may not be hate crimes. Hate crimes are criminal offenses motivated in whole or in part, by bias against the person’s protected class. All hate crimes are bias incidents, but not all bias incidents are hate crimes.

How to Report
We encourage you to report incidents of bias involving a member of the University of Pittsburgh community.

Report Form
Report forms will be reviewed during business hours of 8:30 a.m.-5 p.m. Monday-Friday. Reports received after business hours will generally be reviewed during the next business day. In the event of a university holiday, reports will be reviewed on the first business day back.

If you are concerned about the immediate health and safety of yourself or someone else, do not complete the online form. Please call 911.

Reporting Sexual Misconduct
Reporting sexual misconduct is an individual decision. While the University encourages survivors to report misconduct, we recognize that it can be a challenging decision and may not be the right action for every survivor. The Title IX Office can talk with survivors about various reporting options, so they can make informed and thoughtful decisions. Meeting with a member of the Title IX staff does not mean you must file a complaint, or report to police. At the initial meeting, we will talk through reporting, interim measures, and safety, and make referrals to campus and community resources. To schedule a meeting with a Title IX Office staff member, please contact titleixcoordinator@pitt.edu or call 412-648-7860.

Interim Measures
As part of the University’s response to a report of a bias incident, and regardless of whether there has been a request for formal disciplinary or law enforcement action, the University may impose
interim measures or offer accommodations to address issues that impact the reporting and accused students’ educational, living, or work environments. These interim measures can often be put in place very quickly, prior to the resolution of any referral or criminal proceeding. Once imposed, the University will take necessary action to enforce the implemented measures. Anyone who becomes aware of, or has a concern about, a student’s failure to follow any University-imposed interim measure or accommodation should report this concern to the Student Conduct Officer.

Possible measures include:
- Implementation of a “No Contact Order”
- Assistance with academic accommodations
- Change in University-related work schedules or job assignments
- Change in University-owned housing
- Assistance from University staff in completing housing relocation
- Assistance in addressing off-campus living arrangements
- Restricting a student’s access to certain University facilities or activities pending resolution of a matter

Important Things to Note

Anonymous Reporting
For bias incident reports, the Office of Civil Rights & Title IX permits anonymous reporting on our online Report Form. A Reporting Party has the discretion to exclude personally identifiable information, such as their name and contact information, in the form. However, please be advised, without presented contact information, we are unable to provide follow-up, and the University’s options for response may be limited.

Additionally, if a Reporting Party has further concern related to anonymity, bias incident reports may be submitted to AlertLine, a third-party agency for reporting concerns at the University. AlertLine is staffed by non-University employees, relays anonymous reports to the University, and allows the Reporting Party an option for follow-up regarding their anonymous report. Please be advised, AlertLine is not an emergency response service. AlertLine reports may be submitted online or toll-free at (866) 858-4456.

Confidentiality
Because the University may have an obligation to address certain reports, we cannot guarantee complete confidentiality where it would conflict with the University’s obligation to investigate meaningfully or, where warranted, take corrective action. Regardless of the situation, personal information will generally only be shared with individuals on a need-to-know basis, in compliance with University policy.

Additionally, please be advised of the University’s Responsible Employee Program. Should a bias incident related to sexual misconduct be disclosed to a Responsible Employee, such disclosures must be reported to the Office of Civil Rights & Title IX, whereas only certain employees at the University, such as mental health counselors, physicians, nurses, and clergy, can maintain confidentiality.

Should you have experienced or witnessed a bias incident and you wish to speak to someone confidentially, the Office of Civil Rights & Title IX suggests specific campus and local Confidential Resources for such services.
**Retaliation**

Retaliation is strictly prohibited at the University, as outlined in the Office of Civil Rights & Title IX’s Policies, Procedures, and Practices. Retaliation may be experienced by an individual, whether actual or perceived, for having made a bias incident report to our office, participated in services or processes provided by our office, and/or supported a party utilizing services or processes provided by our office. If you experience retaliation, we encourage you to report such conduct to us through our online Report Form or via email at titleixcoordinator@pitt.edu.

Pedestrian Safety Tips
Here are some general safety tips that can help keep pedestrians safe on, or near Oakland streets.
  ● Be predictable; follow the rules of the road and obey signs and signals.
  ● Walk on sidewalks whenever they are available.
  ● If there is no sidewalk, walk facing traffic and as far from traffic as possible.
● Keep alert at all times; don’t be distracted by electronic devices that take your eyes (and ears) off the road.

● Cross streets at crosswalks or intersections whenever possible; this is where drivers expect pedestrians.

● Look for cars in all directions - including those turning left or right.

● If a crosswalk or intersection is not available, locate a well lighted area where you have the best view of traffic; wait for a gap in traffic that allows you enough time to cross safely, and continue to watch for traffic as you cross.

● Never assume a driver sees you; make eye contact with drivers as they approach you to make sure you are seen.

● Be visible at all times; wear bright clothing during the day, and wear reflective materials or use a flashlight at night.

● Watch for cars entering or exiting driveways, or backing up in parking lots.

● Avoid alcohol and drugs when walking; they impair your abilities and judgement too.

Rave Guardian App
The RAVE Guardian app is an optional safety feature of the upgraded Emergency Notification Service. It leverages mobile technology to provide new options for contacting the Police Department. Users can set a safety timer, add guardians, send anonymous tips, and call the Police Department directly from the app. The RAVE Guardian app is available through the Pitt App Store, Apple App Store, or Google Play.

SAFE classes are held throughout the school year. To find out more about SAFE or the upcoming class schedule, contact Officer Heather Walker at hlc33@pitt.edu.
