A Letter From

the Office of Fraternity and Sorority Life

As always, we are proud to present the achievements of the University of Pittsburgh Fraternity and Sorority Life Community in this 2021-2022 Community Report. This report contains data on academics, membership, and community impact. We hope this report will give you an idea of what our community values. It has been another challenging year as our students adapted to classes and activities back in person, but we are so proud of everything that has been accomplished and it was wonderful to see faces in person more often than on Zoom. We are continually impressed by our members' efforts and successes in representing Fraternity and Sorority Life in a positive light.

It is with great pride we can announce that over Homecoming 2021 we saw the unveiling of the National Pan-Hellenic Council (NPHC) plots near the William Pitt Union in the Schenley Quad. This plot, which features all the Divine Nine was created through the efforts of the last ten years between NPHC presidents and councilmembers, Vice Provost Bonner, and donations from alumni from around the world.

Additionally, our Greek Sing event was held outdoors during the Bigelow Bash weekend, which allowed our Fraternity and Sorority Life (FSL) community to flourish and shine in front of not only over 2,000 students, but also newly admitted students to the University.

We welcomed Theta Chi fraternity and Alpha Sigma Kappa sorority on campus this year. We are looking forward to seeing all these chapters will accomplish and the ways they will impact our community.

These highlights only skim the surface of all we have to be proud of this year as you will see below.

Please enjoy this year's report and learning more about the fraternity and sorority life experience here at the University of Pittsburgh.

Sincerely,

Office of Fraternity and Sorority Life Staff

Rich Fann II
Associate Director,
Fraternity and Sorority Life

Abby Wasserman
Assistant Director,

Alexis Davis

A note on Evolution of Data Acquisition and Distribution: While we have been proud of the past accomplishments and achievements of our community, we also seek to grow and evolve how we serve you. As you'll note in this report, we've added additional metrics that have been requested by advisors and students. If there are additional datapoints you believe we can add to these reports, please do not hesitate to ask.

Note: Our community contains valued members who do not identify with either “man” or “woman”. This report is limited by the data the University collects on gender identity. While Pitt did not previously collect non-binary as a gender category, Pitt will collect and report this moving forward. We hope to be able to incorporate that data in future reports. The Office of Fraternity and Sorority Life respects and values the non-binary members of our community, we hope that will eventually be reflected in the data we share. As historically single-gendered organizations, it has been helpful to use the “women” and “men” GPAs as a benchmark. Please review the Office of Equity, Diversity, and Inclusion’s Student Diversity Dashboard.

BYSTANDER INTERVENTION/TITLE IX

The Office of Equity Diversity and Inclusion partnered with FSL to rethink bystander intervention/Title IX education for members and piloted a new Prevention Dialogue series. The program was developed with the goal of increasing thoughtful, ongoing, prevention-based dialogue within all Fraternity and Sorority Life chapters at Pitt. Members participated in regular discussions on topics such as consent, healthy relationships, sexuality, bystander intervention and supporting survivors of sexual misconduct. Ongoing dialogue is an important part of building a safe and respectful campus.

HAZING PREVENTION

The Hazing Prevention Committee (a collaboration with other units across campus) hosted a variety of events for Hazing Prevention Week, including a viewing of the documentary "Breathe, Nolan, Breathe" followed by a panel discussion with campus and student leaders with 5% of the community in attendance.

FRATERNITY AND SORORITY LIFE 101

Greek Week

Greek Week is a series of events held every year to provide opportunities for all three councils. It is an opportunity for members from all chapters to build relationships, engage in friendly competition, impact the community, express their creativity, and have fun. Greek Week's events are concentrated in one week of programming in the spring semester, but there are events that take place all year long. Chapters are grouped in teams that work together to earn points, and winners are awarded at the end of Greek Week. This year we were happy to see the return of Greek Week events that have been on hold due to the pandemic including community favorites Steel City Step Show and Greek Sing. This year's Greek Week Board was an exceptionally dedicated group and they worked hard to successfully plan a fun and engaging Greek Week, embracing the return to traditions as well as incorporating exciting new elements. Greek Week was an opportunity to build relationships, engage in important discussion, and impact the community.

Some highlights from this year's Greek Week:

- **Steel City Step Show** was back and better than ever at Soldiers & Sailors Auditorium, where 1,499 attendees from FSL, the greater campus and Pittsburgh community, and beyond got to see our NPHC groups' impressive step performances
- **Greek Sing** took place in person, collaborating with Pitt Program Council for an outdoors event on a bigger stage than previous years. The event drew over 2,000 dedicated attendees who stood in a mix of rain, sunshine, and sleet to watch each team's creative dance routines and themes
- **770 blood donations** from our community during Greek Week Blood Drives, benefitting over 2,300 hospital patients
- **2 successful donation drives:** 1,730 clothing items donated to Thriftsburgh and a successful food drive benefitting the Pitt Pantry
- **526 members** attended the community conversation on Diversity, Equity, and Inclusion in FSL hosted by Dr. Paul Harper during Greek Week

Cathedral Standards of Excellence

CATHEDRAL STANDARDS OF EXCELLENCE

The purpose of the Cathedral Standards of Excellence Program is to establish standards to ensure that every social fraternal organization at the University of Pittsburgh is fully committed to the highest quality of student experience for each of its members, with particular emphasis on academic achievement and campus involvement as defined by each organization.

The Office of Fraternity and Sorority Life believes the Cathedral Standards of Excellence Program will form a basic standard for all fraternal organizations, and assist in supporting each organization's development. The Cathedral Standards of Excellence Program will provide a framework for self-assessment, individual and group accountability, greater achievement of organizational goals, and the development of programs and practices that will lead to substantial enrichment of the fraternity and sorority experience. This program recognizes and rewards those organizations that consistently exceed expectations as well as provides guidance and support to those organizations that fail to meet the expectations of the University and the Fraternity and Sorority Life Community.

CHAPTERS ARE EVALUATED ON THE FOLLOWING STANDARDS:

- ★ ACADEMICS (A)
- ★ MEMBER DEVELOPMENT (MD)
- ★ CHAPTER RESPONSIBILITY (CR)
- ★ POSITIVE RELATIONSHIPS (PR)
- ★ CIVIC ENGAGEMENT (CE)

Chapters will be given results on a **FIVE-STAR SCALE** to correspond with the five categories of the Cathedral Standards of Excellence. Chapters will be given a star for each category in which they complete the minimum requirements.

Chapters met requirements in each category. These chapters will be considered for the Cathedral Award of Distinction and recognized at the FSL Awards.

Chapter met requirements in four categories.

Chapter met requirements in three categories.

OR

OR INSUFFICIENT CHAPTERS

Chapter met requirements in two or fewer categories. Chapters at this level are considered to have not met our community standards. These chapters will participate in regular meetings with their Chapter Coach in order to work toward meeting minimum standards by end of the next year.
