LIVING LEARNING COMMUNITIES

Live on campus. Learn new skills. Discover your Pitt community.
APPRECIATION OF THE ARTS

Enjoy a unique residential experience for artists, performers, and those who appreciate the arts! Residents design lasting masterpieces with their peers and experience a wide range of arts-related programming. Your desire to create and applaud the campus and our city’s arts scene is ongoing and celebrated!

CULTURA LATINOAMERICANA

Students from a variety of cultures come together to practice and improve their Spanish and Portuguese language skills. Become immersed in language through daily, spontaneous interaction with your neighbors, as well as through organized activities such as movie nights, dinners, guest lectures, concerts and excursions.

EMERGING LEADERS

Pitt’s Emerging Leaders program is a 10-week experiential program through which participants discover and develop their personal capacity to be leaders. The LLC provides an ongoing, exemplary opportunity for students to sharpen their leadership skills with their like-minded neighbors. You will receive exposure to other leadership programs and networking events with campus and area leaders.

ENGINEERING

Students in the Swanson School of Engineering have the opportunity to live, study, and socialize with their fellow floor and building mates. Resident Assistants are sophomore and junior Engineering students who serve as guides and peer mentors. Dedicated Engineering faculty and staff provide time, attention, and resources to help you achieve success as a Pitt engineer.

GLOBAL VILLAGE

Gain an international perspective and learn more about global issues! Global Village LLC programs explore critical issues by blending perspectives from popular culture, historical contexts and current events. Expand your Pitt journey, as you and your and community members become more globally educated citizens.

FOR MORE INFORMATION: Visit Residence Life at reslife.pitt.edu.
HEALTH SCIENCES
Whether you’re interested in pre-medicine, pre-pharmacy, rehabilitation sciences, or another health-related profession, this goal-oriented community offers hands-on support. Participate in enhanced opportunities, such as training presentations and MCAT preparation workshops, to help you gain a competitive edge when applying for the next step in your education.

HEALTHY U
Establish a healthy mind, body and spirit as you embrace the values of both holistic health and wellness. Community programs provide insight into a number of dimensions of healthy living for both personal and academic success, including physical, mental, financial and spiritual wellness.

HONORS COLLEGE
Join a diverse group of students who hail from every corner of the globe, represent virtually every major and have a wide array of interests, but share a commitment to academic excellence, involvement, and responsible living. This is a student-driven environment, where mature and creative students learn from, and challenge one another.

INNOVATION AND ENTREPRENEURSHIP
Build the economy of the future one idea, one new venture at a time! A partnership between Pitt’s Schools of Business, Engineering, Art & Sciences and the Innovation Institute, this LLC will teach you how to make an immediate impact on society through explorative workshops and special projects. This community cultivates innovative thinkers, both aspiring entrepreneurs and those driving innovation within existing organizations.

NURSING
Conveniently located in Lothrop Hall and connected to the School of Nursing, this LLC provides medical and nursing-related field trips as well as interaction with accomplished nurses. As a nursing student, you will engage in special activities that contribute to your overall learning: academic review sessions, guest speakers, professional development seminars, and movie nights.

MUSIC
Tailored to music majors but open to all, this LLC taps into your passion for music and exposes you to a dynamic range of musical genres. If you’re a music major, you will receive preparation for a productive career as a teacher, performer, composer, scholar, and citizen. Music LLC residents attend musical performances on and off campus and explore local music venues.

ONE PITT, ONE PLANET
The three legs of sustainability, People, Planet and Profit, guide this community’s monthly events: discussions and forums with local experts, community service, conservation competitions, and engagement with student environmental leaders. You will practice sustainable living and learn how to model sustainable behaviors.

TO APPLY: Visit Panther Central at pc.pitt.edu/housing/process.php.
OUTDOOR RECREATION
Experience the outdoor excitement that the Pittsburgh area has to offer. As an LLC member, you will participate in a variety of outdoor trips through Intramurals and Recreation, such as hiking, kayaking, and whitewater rafting. In addition, you will automatically be enrolled in the Pitt Outdoors Clubs and have the opportunity to participate in their specialized programming.

PITT BUSINESS
Get a jump on your business education by making immediate connections with faculty, staff and fellow students. This LLC will expose you to area companies and internships, and shed light on how businesses are working to improve the Pittsburgh area.

ROTC
This LLC is a rewarding environment in which cadets train and learn together. Through specialized programming, you will sharpen your leadership skills and build camaraderie with your fellow cadets and cadets in other military branches.

SERVICE TO OTHERS
Volunteer and make a difference in your community. In addition to attending Pitt-organized service events, you will have the opportunity to work collaboratively to design, implement, and participate in new community service projects in the Pittsburgh area. Students with a passion for serving others feel truly at home in the Service to Others LLC.

WOMEN LEAD
In partnership with the Department of Gender, Sexuality, and Women’s Studies, this LLC extends an enlightened view on leadership, activism and community building. Discuss and examine your experiences, achievements, and position as women in higher education and society. Women in this LLC are required to register for a one-credit seminar in the Fall semester.
