Stages will require an additional hour added for Facilities Management to setup your event. All stage inquiries should be directed to the WPU Reservations Office. Stages cannot be built in the O’Hara Student Center.

- **Special Event Furniture Rentals:** If the WPU or OSC cannot provide a furniture item you would like to have at your event, rentals should be ordered through Randy Schmotzer in Facilities Management at 412-624-8809. Linens, event furniture, pipe and drape, alcohol, catering, and other rentals must be communicated to the Union’s Reservations Office no later than **5 days in advance** of the event date in order to best coordinate the delivery and pick-up schedule.
Stanchions, easels, a wheelchair, dollys, and housing carts can be rented from the WPU Information Desk on a first come, first served basis. A Pitt ID will be required to check out the item(s). To coordinate these rentals in advance, request the rental from the WPU Reservations Office at wmpittun@pitt.edu. Based on demand, items are not guaranteed.

I. Event Storage

Linens, event furniture, pipe and drape, alcohol, catering, and other deliveries should be communicated to the Union’s Reservations Office no later than **5 days in advance** of the event date to best coordinate the delivery and pick-up schedule.

a. **Lockers and Storage Units:** The Student Government Board (SGB) offers storage space in the O’Hara Student Center and William Pitt Union to help student groups accomplish their missions. Storage space is allocated at the beginning of the academic year through the summer. Specific move-in and move-out dates are to be determined by SGB, and all SORC registered student organizations will be notified. Storage guidelines include:
   i. Perishable foods may not be kept in lockers
   ii. In order to maintain an accessible space, materials must be kept inside designated lockers
   iii. As the storage areas are in co-habitation with other student orgs, maintain cleanliness and be courteous
   iv. Student organizations are financially responsible for any damage incurred to storage spaces beyond normal wear and tear (ex. broken lock, missing shelf, etc)
   v. The William Pitt Union and O’Hara Student Center are not responsible for any theft or damage to materials stored within the rental units
   vi. If your space has a combination, please only give out the combinations to members of your organization who absolutely require access to this space. The fewer members who have access, the fewer problems you will have tracking down possible instances of theft and damage.
   vii. Do not overfill lockers with items to prevent any lockers from getting jammed

Lockers are also available for rent in Posvar Hall from the William Pitt Union Ticket Office. To learn more about this service, visit the [WPU Ticket Office](#) webpage.

b. **Office Space:** SGB offers free office space in the O’Hara Student Center to help student groups accomplish their missions. These spaces give student groups that provide a significant amount for the student populace the opportunity to not only store materials, but also have a place to meet and collaborate with other groups.

There are a total of 11 office spaces in O’Hara Student Center. Each includes a desk and possible overhang storage. Office space is allocated at the beginning of the academic year through the summer. Specific move-in and move-out dates are to be determined by SGB, and all SORC registered student organizations will be notified.

J. Technical Services
Please contact Technical Services at (412) 648-7821 or satech@pitt.edu for assistance.

Technical Services should be requested within EMS while making your reservation. You can choose from a variety of audio/visual equipment. Projectors and screens that are built into rooms within the WPU or OSC require assistance from Technical Services. Please request this service through EMS.

If you have to edit your request, you can do so by clicking on the “My Events” tab on the left-hand side of your screen to view all reservations made. Select the date you want to edit, then on the right-hand side select the “Edit Services” button to edit your requested A/V. The ability to edit services on EMS ends 21 days in advance of the event date. If you must make any changes after that time you will need to contact Technical Services by phone or email.

The Unions’ Technical Services staff do not oversee classroom space in the Cathedral of Learning or David Lawrence Hall. Please reach out to the Center for Teaching and Learning at (412) 624-3335 for assistance.

Equipment that is offered by Technical Services in WPU and OSC include:

- Projector
- Screen
- Laptop
- Audio cables
- Microphone (wireless, wired, or lapel)
- DVD Deck

Requesting technical support is the responsibility of the person(s) organizing the event. Requests must be made no later than 14 days in advance of the event. Requests submitted less than two weeks prior to the event may not be accommodated. Equipment and staffing for events requested after the two week cut-off period must be approved by the Technical Services Manager.

The cost for all equipment rental and labor are charged against the account number provided in EMS. Documentation of these charges is provided upon request. Organizations from outside the University paying for services for a University co-sponsored event cannot be billed directly. Charges must be billed to the University unit co-sponsoring the event.

Only the technician assigned to the event is allowed to operate the audio/visual equipment. Damages to, or loss of, equipment caused by the client will be billed to the account number provided in EMS. Any disputes with the technical staff technician can be redressed with the Office of Student Life on the next business day after the event.

It is the responsibility of the sponsoring organization to notify Technical Services when an event is canceled. Those that do not cancel the reservation and do not show up for the event will be charged for all related labor and equipment rental fees.

Events involving live entertainment, (e.g. concerts, fashion shows, talent shows and plays, etc.) require an extra level of coordination between the event host and Technical Services. For these events, it is also necessary for the event host to contact Technical Services one month in advance of the event to set up a meeting to discuss the event.
If you are not a member of the Pitt community, the event host must sponsor WiFi by contacting Pitt IT prior to the event date. Pitt IT can be reached at (412) 624-4357.

**Q. Games of Chance**

The Pennsylvania Crimes Code provides that all forms of gambling are illegal unless the Pennsylvania Legislature specifically authorizes the gambling activity by statute.

Gambling exists when there is a payment of consideration or a fee of something of value for the opportunity for a prize or reward, the winner of which is determined by chance. Effectively, the three elements are:

1. Consideration,
2. Chance, and
3. Prize or reward

The Small Games of Chance Law authorizes certain non-profit organizations, known as eligible organizations (including club licensees), and for-profit taverns to conduct limited types of gambling through obtaining a license.
An eligible organization is one of the following types of entities: a charitable, religious, fraternal or veterans’ organization; a club, civic, and service association; or an affiliated non-profit organization of a major league sports team. An eligible organization must be in existence and fulfilling its purpose for one year in order to be eligible for a games of chance license from the Commonwealth of Pennsylvania.

For student organizations, raffles and games of chance (outcome is strongly influenced by some randomizing device and upon which contestants wager money) cannot be conducted at the University of Pittsburgh in accordance with state law. The University is a nonprofit organization and does not hold a license to conduct raffles and games of chance. Raffles are only permitted for student organizations when raffle tickets are given to each attendee and are free of charge. Student organizations are encouraged to partner with a charitable organization who already holds a games of chance license. The charitable organization would need to provide the prize and conduct the contest in conjunction with the student organization. The proceeds cannot go towards the organizations’ operating budget, but must go directly to the partnering charitable organization.

A special raffle permit is required if the (1) prize exceeds $2,000.00. Please see this link for more information.

R. Movie Showing/Copyright

Any organization or department wishing to show a movie or film in space controlled by the WPU or OSC Reservations Offices are required to purchase the appropriate licensing, regardless of admission fee. No room request will be approved until a copy of the license is received. The event host will need to provide the license for the movie, documentary, Ted Talk, or TV show to the Reservations Office via email at wmpittun@pitt.edu or ohara@pitt.edu.

For more information on obtaining a license and cost, please contact one of the film distributors listed below:

1. Swank Motion Pictures Inc.: www.swank.com
2. Criterion: www.criterionpic.com

Any organization or department who fails to comply with this policy, and is found showing a movie or film without purchasing a performance license may have their event shut down immediately, and will have disciplinary actions in the form of a warning or strike from the Reservations Office.

The only films exempt from this policy are those acquired through the University of Pittsburgh’s Library System Kanopy, Netflix Educational one time screening of documentaries, or by selecting a movie in the public domain.

Please see the University Library System website for more information.

S. Noise

Building Management reserves the right to ask event hosts to alter the sound level of their event should it disrupt other business or events in or around the facility. Excessive noise, including music, cannot be made in the University classrooms. To see noise ordinances in the City of Pittsburgh, visit this link.
Music or radio production in Towers and Sutherland lobby require low decibel volume. The Schenley Quad quiet hours are from 10pm – 8am Sunday through Thursday, and 11pm – 8am Friday and Saturday. During Final Exam week, quiet hours are in effect 24 hours beginning at 8pm the Friday preceding exam week, and remaining in effect until the close of the residence halls.

T. Open Flame
Grills, tiki torches, and candles are prohibited at the Student Unions. LED candles are encouraged as an alternative for ceremonial purposes.

For food service: hot plates, coffee makers, open flame burners and Sterno products are also prohibited.

U. Overnight Events
The Student Unions will not permit events where attendees need to sleep in or outside of the building overnight without special permission from the Union’s Building Manager. The following annual programs are examples of regularly approved overnight programs:
- Pi Kappa Phi Bike-a-thon
- Arts and Sciences BRIDGES Program
- Departmental Hack-a-thons

The event host must meet with the Union Building Manager to discuss event logistics a minimum of 21 days in advance of the event date. Overnight security will be at the discretion of the Building Manager. Costs associated with security, building staff, and/or extended building hours are the responsibility of the event host. A group or programs’ advisor must be present for the duration of the event.

V. Pets and Animals
The University of Pittsburgh prohibits pets and privately owned animals inside University-controlled buildings, except for those animals that are specifically exempted by this guideline. While on University-controlled property outside of buildings, animals must always be attended and restrained. Pets may not be tethered to University buildings, structures, motor vehicles, trees, railings, light poles, benches, posts, or other structures. Owners must properly dispose of any pet or animal waste left on university property.

Exempted animals are permitted on University-controlled property and are defined as:
1. Service animals performing their intended duties. The Office of Disability Resources and Services shall make the determination (based upon Justice Department guidelines) for animals meeting the definition of a service animal.
2. Animals hired, engaged, or authorized by the University to perform a specific function, such as therapy, entertainment, or detection.
3. Dogs under the care of the University of Pittsburgh Police, or other dogs or animals of law enforcement agencies that are authorized by the University of Pittsburgh Police.
4. Animals associated with research and teaching that is conducted and approved by the University of Pittsburgh’s Institutional Animal Care and Use Committee
For more information on pets in the workplace, please visit:
https://www.ehs.pitt.edu/sites/default/files/docs/01-020WorkplacePets.pdf

a. **Service Animals:** Under the American Disabilities Act (ADA), a service animal is defined as a dog that has been individually trained to do work or perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person’s disability. The ADA does not require service animals to wear a vest, ID tag, or specific harness. Service animals must be allowed at all programs and events if they do not fundamentally alter the nature or service of the program. A Service Animal is permitted to accompany the person with a disability at any time, which includes places where pets are not permitted. See the [Student Affairs website](https://www.ehs.pitt.edu/sites/default/files/docs/01-020WorkplacePets.pdf) to read how the Office of Disability resources defines a Service Animal.

According to ADA policy, if a service animal is “out of control” and the handler does not take effective action to control it, staff may request that the animal be removed from the premises. For more information, please review this [document](https://www.ehs.pitt.edu/sites/default/files/docs/01-020WorkplacePets.pdf) from the U.S. Department of Justice.

b. **Therapy or Emotional Support Animals:** An emotional support animal may provide emotional support, stability, and/or comfort to a person. Because they have not been trained to perform a specific job or task, they do not qualify as service animals under the ADA. The University recognizes the importance of emotional support animals to individuals with documented disability. At this time, therapy or emotional support animals are not allowed at events without prior approval from a Building Manager.

**W. Police Presence/Security**

Security requirements for events in the WPU/OSC will be assessed and determined in accordance with the [Event Scheduling Guidelines](https://www.ehs.pitt.edu/sites/default/files/docs/01-020WorkplacePets.pdf) and at the discretion of Building Management. Determination will be based on:

- Anticipated audience size
- Location of the event
- Access level to the event (open to the University community, ticketed, invitation only)
- Date and time of the event
- Other events taking place on or near campus
- Security concerns expressed by speakers or performers
- Security measures specifically requested by speakers or performers
- Any similar viewpoint and content neutral considerations relevant to assessment of campus safety, security, and service

Events where Pitt Police may be required include, but are not limited to:

- Large gathering (e.g. dances, concerts)
- High-profile events (e.g. lectures, celebrity appearances)
- Events beyond building hours
- Events with non-University personnel in attendance (e.g. No Pitt ID, other college/university ID)

For any event where security is deemed necessary, a security meeting will be held with all officers/security, event organizers, advisors, and venue staff a minimum of 30 minutes before the
opening of doors to discuss roles and expectations. Unless asked otherwise, officers/security will remain in their positioned locations for the duration of the event.

Officers/security will arrive 30 minutes before the event’s start time and depart once the venue has been cleared of all attendees and will check in with event organizers before leaving.

Security (not Pitt Police) will be responsible for bag checks and metal detectors or pat downs, as needed.

A satisfaction survey will be sent to the event organizer(s) within 24 hours of the event’s conclusion. All feedback will be shared with advisors, officers/security, and senior leadership of the Division of Student Affairs.

X. Political Campaigns

The University of Pittsburgh values the expression and exchange of ideas and encourages students to exercise their rights and privileges as individuals by participating fully in the political process. Due to the University’s status as a tax-exempt organization, there are limitations on the type of partisan political activities that can be conducted on campus. See University Policy 02-03-09 Participation in Political Campaigns for more details.

Registered student organizations can see further event guidelines related to political campaigns on the SORC website.

Individually remain entirely free to become involved in the election process as they choose, in a manner that does not evidence or imply University involvement. This is a complex issue, accordingly, if you have any questions regarding such activities please contact the Office of Community and Governmental Relations.

Y. Prizes

a. Gift Cards and Tax Information
   i. Any cash prize or prize requires the winner to complete a Form W-9 for tax purposes. This form should be provided by the event host and turned into Payment Processing.
   ii. The University of Pittsburgh approves donated gift cards as prizes. Purchased gift cards are prohibited with departmental or student organization funds.

b. Prize Limits: The following prize limits apply to licensed small games of chance nationally:
   i. A prize for a single chance in any game may not exceed $2,000.
   ii. An eligible organization is limited to awarding $35,000 in prizes during an operating week (seven consecutive, reoccurring operating or non-operating days).
   iii. No more than $15,000 may be awarded in raffles during a calendar month.
   iv. Any gambling winnings (including raffles) valued over $600 must receive a Form W-2G to be completed and turned into the winner’s tax advisor for their individual tax return.

Z. Protests and Demonstrations
The University of Pittsburgh affirms the rights of community members to engage in peaceful, orderly, and nondestructive demonstrations. A demonstration is defined as any public display of support for, or in opposition to, any person, group, organization, cause, institution, idea or policy.

Students or student groups who engage in an on-campus demonstration must refrain from disrupting the educational process and from infringing upon the rights of other members of the University community. Additionally, on-campus demonstrations must be compliant with all applicable federal, state, or local laws and ordinances, as well as with these On-Campus Demonstration Guidelines and all other applicable University guidelines, policies and procedures including the Student Code of Conduct.

The University maintains the right to regulate and monitor the time, place and manner of any proposed on-campus demonstrations as may be necessary to help ensure the safety and well-being of community members and the orderly conduct of classes and other functions of the University.

Review the Event Scheduling Guidelines for additional information, including freedom of speech, high profile speakers, and security guidelines.

**AA. Solicitation**

No unauthorized petitioning or soliciting may be conducted on Union property. The purpose of this policy is to prevent disturbance or disruption to Union visitors and allow them to conduct activities unhampered. Departments or student organizations may not circulate in pedestrian traffic areas or approach individuals. To permit the free flow of pedestrian traffic and to promote the safe and orderly conduct of Union affairs, approved sales and solicitations by outside vendors are limited to specific areas (see Vendor policy).

Unauthorized solicitation includes distribution of flyers (whether political, religious, commercial, noncommercial, or charitable), conducting a poll, survey, petition drives, vocal appeals for donations, actively providing an item or service with no value in exchange for donations, and recruitment for voting, blood drives or other charitable causes. If an event is occurring within the Union, an organization or department may work with Building Management to plan for directional or other publicity needs related to that event.

**BB. Special Events**

a. **Building Structures:** If an organization or department wishes to build a structure for their event, this must be clearly stated in their request for space. Examples include, but are not limited to, the annual Habitat for Humanity house or the Chabad House sukkah. Structures can only be built for reservations in Outdoor Spaces. The structure should be built on the first day of the reservation and taken down on the last day. A representative of the event must check-in with Building Management each day. All attendees participating in building the structure should be encouraged to sign a liability waiver and the organization or department should keep them on file for at least 2 years. Participant waivers for adults and minors are on the SORC website.

There is no building or structure use by community members, organization members, staff or faculty after 12am, unless pre-approved as an Overnight Event through Building Management.
The University is not responsible for damaged or lost items. Failure to abide by these policies can result in a warning or strike against the sponsoring organization.

b. **Destructive Events:** Events that require destruction of another property (pumpkins, tableware, automobiles, etc.) are prohibited at the Student Unions and other areas overseen by the WPU Reservations Office such as Schenley Quad or the Cathedral lawn.

c. **Dunk Tanks:** The use and operation of dunk tanks pose unique hazards. The following guidelines have been developed to assist event organizers in mitigating those hazards while maintaining the integrity of the activity. Failure to comply with these guidelines could result in denial of the dunk tank use. Please organize a meeting with the WPU Reservations Office to review the following guidelines:

1. Before approval can be made, a layout showing the placement of the dunk tank must be submitted to Environmental Health and Safety (EH&S) for review through the WPU Reservations Office. Because large amounts of water will spill out of the tank during its operation, the dunk tank must be placed in a location that provides quick drainage of the water, and away from people and any electrical source. Given the likelihood that a participant could strike the bottom of the tank during dunking, placing the dunk tank on a soft surface, such as grass, is recommended.

2. In addition, EH&S requires a copy of the manufacturer’s manual for review (this would have been provided to the vendor when the dunk tank was purchased). In the event that the vendor does not have a copy of the manufacturer’s manual, the name of the manufacturer must be submitted to EH&S.

3. A Certificate of Insurance from the vendor is required, indicating a minimum General Liability limit of $1 million per occurrence. The Certificate needs to list “University of Pittsburgh” as an Additional Insured and the “University of Pittsburgh Risk Manager” as the Certificate Holder. If the Certificate of Insurance requires an endorsement for Additional Insured status, then that endorsement will need to be supplied with the Certificate of Insurance.

4. To prevent possible injuries from a slip and fall, event organizers must keep the splash area around the dunk tank clear of observers and participants. The area where the ladder is located must also be clear to allow quick entry into the tank, in the event of an accident or injury.

5. Once setup of the dunk tank is complete, both the event organizer and operator of the activity must thoroughly inspect the tank for any hazards or damage that could be present, such as sharp edges, loose screws or bolts, or unsteady frame, and both must approve of the safety of the participant before operation begins.

6. Below are general rules that must be followed during the operation of the dunk tank. Please familiarize participants with these rules:
   - The water level in the tank should be kept at least 6 inches from the top.
   - Dunkees (participants who will be getting into the tank) must be 18 years or older, at least five (5) feet tall, and able to swim.
   - All sharp objects on the participant, such as glasses, jewelry, and watches, should be removed prior to getting into the tank.
   - Observers and participants should keep food and drinks away from the dunk tank.
v. Only one person is allowed on the seat or in the tank at one time.
vi. The dunkee should be encouraged to sign a liability waiver for participation. Participant waivers for adults and minors are on the SORC website.
vii. The dunkee should never stand on the seat.
viii. The dunkee should be sitting up straight, with hands on lap or knees.
ix. Observers or participants are not allowed to hold onto the bars, if applicable, or put themselves or any object through the bars.
x. Only the operator or event organizer is permitted behind the tank or target area.
xi. Participants under the influence of alcohol or drugs are not permitted in the tank.

xii. Only participants under 250 pounds or the manufacturer’s maximum weight limit are permitted in the tank.

xiii. Participants with physical or mental impairments should not be permitted in the tank.

xiv. Participants with chronic knee or other joint conditions; previous back or neck injuries; respiratory conditions; heart or circulatory conditions; and those who are pregnant are encouraged to consult with their doctor before participating in the dunk tank.

xv. Only balls provided by the dunk tank manufacturer are to be used.

xvi. When unattended the dunk tank must be drained completely.

xvii. The activity must not be operated during inclement weather, which includes rain, lightning, high wind exceeding 25 miles per hour, hail, or temperatures below 40 degrees. Body temperature falls 25 times faster in cold water than in cold air.

d. Food Eating Competitions: Due to the risk for participants, the use of University facilities will not be approved for eating contests.

e. Pie Throwing: Pie throwing events can only take place outside of the Student Unions. Student groups must use shaving cream in the pie tin, not whipped cream or pie filling, due to injury to participants’ eyes and staining of the pavement.

It is the responsibility of the event host to provide supplies for proper clean up. Participants in the pie throwing are not permitted to use Student Union restrooms to clean up. Paper towels and garbage bags are recommended and must be provided by the event host(s). All trash must be picked up and placed in garbage cans during and after event.

Event hosts must contact WPU Reservations at wmpittun@pitt.edu to request access to a hose for the event. All shaving cream must be thoroughly cleaned off the pavement upon conclusion of the event. The hose must be coiled neatly after the program concludes.

f. Tents: Pop-up tents commonly used during tabling must have proper anchorage in order to secure the tent to the ground in case of inclement weather or wind. Tents and tent weights cannot obstruct egress. Tent stakes are prohibited. Due to fire code and sprinkler safety, pop-up tents are not permitted inside of the Student Unions. For tents larger than 10x10, please visit Environmental Health and Safety’s guidelines regarding tent usage at https://www.ehs.pitt.edu/sites/default/files/docs/01-022TentSafety.pdf
g. **Tie-Dye:** Tie-dye events can only take place on a lawn or grassy area as the dyes stain the pavement. The event host must cover all tables with protective coverings and clean up after the event. Event hosts must contact WPU Reservations at wmpittun@pitt.edu to request access to a hose for the event. The hose must be coiled neatly after the program concludes.

**CC. Vendors**

Individuals or groups wishing to sell products or items (“Vendors”) must have reserved space through the Reservations Office. Vendors reserving space at the Student Unions are responsible for any applicable licenses or permits to sell their items and must indicate those sales on the request form. Vendors must identify themselves by names displayed in their designated area and must not use the *University of Pittsburgh* in advertisements/publicity without prior written approval.

Outside vendors must not offer alcohol, credit cards, firearms, food, book buy-back or any other product or item which conflicts with University policies, procedures, guidelines, or any exclusive University contractual obligations. A fully completed [Vendor Request Form](mailto:wmpittun@pitt.edu) must be submitted to the following address, or sent to wmpittun@pitt.edu, a minimum of **3 weeks in advance** of event date. The form must include desired date(s) and time(s).

William Pitt Union Reservations Office  
University of Pittsburgh  
3959 Fifth Avenue  
M3 William Pitt Union  
Pittsburgh, PA 15260  
ATTN: Vending Administration | Phone (412) 648-7817 | Fax (412) 624-4011

The request will be reviewed within two weeks of receipt. Vendors will be notified of the University’s decision and, if approved, will receive written verification of approved locations and dates. This written verification will act as a permit and must be maintained at the vending location at all times.

Vendors must agree to a “no aggressive sales” approach when displaying or selling goods and services. Violations of these vending requirements will result in termination of vending privileges. The University reserves the right to remove any vendor from University property at its sole discretion.

**DD. Weddings, Religious Ceremonies, and Receptions**

No University facility can be used for personal use. At this time, wedding ceremonies, formal religious ceremonies, receptions, and personal events are not permitted in the Student Unions. Please reach out to the University Club or local hotels for alternative options. See [Extracurricular Use of University Facilities](#) for further information on this policy.

Signs cannot be commercial or retail based, including apartment rentals, job openings, etc. Signs in a foreign language must be provided with at least one copy in English.

E. **Sustainability**

a. **Why Compost at Events?** Did you know that food waste makes up the largest percentage of all waste in our landfills? The University of Pittsburgh Sustainability Plan has an aggressive initiative to divert food and organic waste from campus and harness this waste in a more environmentally friendly manner. The plan has set a goal to expand the food waste composting program to compost 50% of all campus food waste by 2025. Event composting is one of the many ways that can be used to meet this goal. It is also a main component of green certifying an event. The Green Certification process will guide you through all aspects of creating a more sustainable event, including composting. You can find more information on how to Green Certify your event [here](#).

To see what types of items can be composted at Pitt, check out this great resource from [Sustainable Pitt](#).

b. **Composting at Events with Pitt or Outside Catering:** Composting with our campus food service provider is a simple process. The Pitt Catering Co. staff can plan your event using compostable or reusable tableware, cups, and utensils – just ask! When planning an event with composting through Pitt Catering, please notify the Student Office of Sustainability (soos@pitt.edu) at least 2 weeks in advance of the event date to ensure that compost bins are available. If your event is in EMS, answer “Yes” to the question “Would you like to compost your food waste” and SOOS will reach out to you!

When utilizing outside catering vendors, you can request that the vendor provide compostable products OR you can provide your own. The Student Office of Sustainability has Zero Waste Kits for “rent” and can also provide a full list of recommended compostable products. For information on these kits, please email soos@pitt.edu.

c. **The Green Certification Process:** Green Event Certification is a simple way to assess all of your event needs with sustainability in mind. At least 2 weeks in advance of your event, apply to have your event Green Certified.
A member of the Student Office of Sustainability team will contact you when they receive your Green Certification submission. They will walk you through the process of creating a green event, answer any questions you may have, and address the specific needs such as ordering compost bins or providing the Water Monster.

For any questions regarding sustainability and the Green Certification program, please contact soos@pitt.edu.
