Introduction

The purpose of the Cathedral Standards of Excellence Program is to establish standards which ensure every social fraternal organization at the University of Pittsburgh is fully committed to the highest quality of student experience for each of its members.

The Office of Fraternity and Sorority Life (OFSL) believes the Cathedral Standards of Excellence Program will form a basic standard for all fraternal organizations, and assist in supporting each organization’s development. The Cathedral Standards of Excellence Program will provide a framework for self-assessment, individual and group accountability, greater achievement of organizational goals, and the development of programs and practices that will lead to substantial enrichment of the fraternity and sorority experience. This program recognizes and rewards those organizations that consistently exceed expectations as well as provides guidance and support to those organizations that fail to meet the expectations of the University and the Fraternity and Sorority Life (FSL) Community.

Submission Requirements

The Cathedral Standards of Excellence will evaluate the Academic Year and will run from the first day of the fall semester to April 1st of each year. There will be two submission dates: October 1st and April 1st. The submission dates are listed for each requirement.

Each item will have one of four types of documentation (color-coded throughout this document):

- Office of Fraternity and Sorority Life is responsible for collecting the information.
- Chapters must register the event on ENGAGE prior to the event prior to April 1st.
- Chapter will submit electronic documentation on ENGAGE in the Cathedral Standards of Excellence Folder by October 1st.
- Chapter will submit electronic documentation on ENGAGE in the Cathedral Standards of Excellence Folder by April 1st.

Engage Submission Guidelines:

- Use the folders created in Engage to make submissions easy to find.
- Don’t assume that items included in your constitution will be found. If an item is included in your constitution (e.g. judicial/standards board, academic standards, code of conduct) take it out of the constitution and create a separate document that is properly labeled.
- Label documents clearly.
- When uploading events in engage, label clearly what you want them to be counted for.
- Remember you can always ask for an update of your chapter’s status. Please ask questions and check in if something seems wrong.
Cathedral Standards of Excellence

Plan Presentation

Chapters will present their plan for fulfilling Cathedral Standards requirements at the beginning of the academic year to the OFSL staff. The purpose of this presentation is not only to inform the OFSL staff of the plans for the year, but to ensure that chapters plan ahead and are therefore more likely to meet all requirements. It is also an opportunity for staff to ask questions and provide feedback about events when they are still in the planning phase, rather than after they have already taken place. The expectation is not that every event is entirely planned at the time of this presentation, but that the chapter has an outline and concrete ideas for completing Cathedral Standards requirements.

• Presentations will take place September 1st-15th.
• Chapters will sign up for a 30-minute slot to present.
• This plan can be presented via PowerPoint, PDF, or however is best for the chapter, but it should demonstrate how the chapter will meet each requirement and identify the officer that will be responsible for each event or task. We ask that you send a copy of these materials after the meeting for our records. Send to ALW240@pitt.edu.
• The chapter may have any relevant officers or advisors in the meeting, such as a programming chair, Cathedral Standards chair, etc. along with the chapter president.
• This format also allows for chapters to submit programming that is not explicitly stated in the requirements, but that they feel fulfills the same goals. Chapters can submit these substitutions in the presentation and OFSL staff will decide whether or not they are acceptable.

As your chapter plans for the 2021-2022 academic year, please keep in mind that we have another uniquely challenging year ahead of us. While we hope to see more freedom to plan in-person events, chapters should prepare to be flexible again this year. Be sure to take the lessons learned from last year’s programming and see how they can be applied to this year. Even if we are able to plan in-person events, consider where it may make more sense to keep things remote. Virtual events can make it much easier for alumni and advisors to attend rather than travelling to campus. Think about the things that worked well remote, and don’t be afraid to adopt a hybrid of in-person and remote. We don’t need to race back to the exact way we operated in 2019. Don’t be afraid to continue to try new things. Continue to consider the well-being of your members and make sure that programming is beneficial and accessible to them. Consider continuing providing some asynchronous programming to ease the burden on members’ schedules. Please use Cathedral Standards of Excellence as a tool to carefully plan for the year and make sure that you are continuing to provide an excellent quality experience for your members and providing a good return on their investment of time and money.
You can find a tracking spreadsheet tracking spreadsheet here to download and keep track of your chapter’s progress throughout the year.

Chapter Membership

Standards for each chapter will be adjusted according to the number of members each chapter has. Chapter rosters will be collected at the beginning of the fall semester to determine the chapter’s qualification and requirements throughout the year will be based on these numbers. This will promote equity of standards for chapters within the fraternity and sorority life community. For each category, there will be standards for small, medium, and large size chapters. Chapters may go above and beyond the requirements in for their chapter standards, but at minimum must achieve the requirements for their chapter size.

Assessment

Note: Assessment is done at the discretion of OFSL staff. Both for the purposes of awards and threshold for requirements met, staff may make adjustments.

Chapter Status

Chapters will be given results before the beginning of the following Fall Semester. Chapters will be given results on a five-star scale to correspond with the five categories of the Cathedral Standards of Excellence. Chapters will be given a star for each category in which they complete the minimum requirements. Each level of achievement affects status in the community for the following year. Each chapter’s status from the Cathedral Standards will be shared publicly in the spring semester community report to promote transparency among the fraternity and sorority life community. The definitions of each status can be seen below:

**Five-Star Chapter** – Chapters met requirements in each category. These chapters will be considered for the Cathedral Award of Distinction and recognized at the FSL Awards.

**Four-Star Chapter** – Chapter met requirements in four categories.

**Three-Star Chapter** – Chapter met requirements in three categories.

**Two-Star, One-Star, and Insufficient Chapters** – Chapter met requirements in two or fewer categories. These chapters will participate in regular meetings with their Chapter Coach in order to work toward meeting minimum standards by end of the second year. At these meetings, strategies for success will be discussed between the chapter president and the Chapter Coach.

*Cathedral Standards of Excellence 2021-2022*
Recognition of a chapter will be evaluated after not earning at least three stars for three consecutive years.

**Feedback**

Chapters will be provided with feedback from the Office of Fraternity and Sorority Life on each of their submitted categories (suggestions for improvement, potential resources, etc.) upon request. This will allow chapters to strive for excellence in all categories each and every year.

**Chapter Awards**

Chapter Awards will be based on submissions from the Cathedral Standards of Excellence Program, awarded during the Spring Semester.

**Chapter Awards**
